TESTIMONIAL FOR STUART CHRISTIE

I met Stuart Christie for the first time through my previous account who was retiring at that time. Since then Stuart has handled all of my accountancy needs/concerns. He is just great, I find him to be very switched on in his profession. He is easy to talk with, honest and works with integrity, plus always returns my calls. I class him as a friend as well as a business mentor. I would recommend you to give him a call to discuss your needs/concerns related to any accountancy matter you may have.
